

IMAM SOBIRIN

Engineer

Yogyakarta, Indonesia | Phone: +6282243210434 | Email: imamsobirin34@gmail.com

SUMMARY

Fresh Graduate from Universitas Gadjah Mada University majoring in Engineering Physics. Passionate in instrumentation, building monitoring systems, and web development. Has experience as a private teacher and part-time librarian.

EXPERIENCE

UNIVERSITAS GADJAH MADA LIBRARY – Yogyakarta, Indonesia

Part time (February 2021 – December 2021)

- *Windows of The World* (WoW) services: make a WoW collection review in the form of annual reports and journals published by the World Bank
- *Support TI*: validate, correct, and upload theses and dissertation collections on the Electronics Theses and Dissertation Website. Using Adobe Acrobat as a tool to edit pdf files.
- *Helpdesk*: help users register to enter the library, provide information about the library, and activate library membership.

BKB NURUL FIKRI – Yogyakarta, Indonesia

Privat Tutor (February 2021 – August 2021)

- Teaches Physics and Biology to 9th graders to strengthen understanding and prepare for exams.

Gadjah Mada Aerospace Team (GMAT)

Telemetry team of Weather Balloon Division (February 2019)

- Design and build an antenna for a weather balloon.
- Using MMANA-GAL for design and Rig Expert for testing antenna performance.
- Won the Global Space Balloon Challenge for the best design.

Pertamina Geothermal Energy – Karaha

Student Internship – January 2020

- Occupy a position as an intern in control and monitoring division.
- Observe the cooling tower performance and turbine efficiency as the final report.

ORGANIZATION

KELUARGA MUSLIM TEKNIK (2017 - 2019)

Head of Biro Khusus Kaderisasi (BKK)

CENDEKIA TEKNIKA (2017 - 2018)

Staff of Departemen Akademik

EDUCATION

UNIVERSITAS GADJAH MADA (2017 - 2022)

Bachelor of Engineering Physics - GPA 3.33

SKILLS

- Front-end Developer (HTML, CSS, Javascript)
- Antenna Design
- Sensors Calibration
- Creative thinking

LANGUAGE

- English (577 TOEFL Prediction Score)
